

SITE San Bernardino National Forest's Big Bear Discovery Center San Bernardino, CA

PROJECT Discovery Center Eagle and Wildlife exhibit

GRANT \$17,400 plus \$17,400 in local matching funds.

NOTEWORTHY The national forest is one of the few places in the area suitable for Bald Eagle nesting

The Eagle and Wildlife exhibit at the Big Bear Discovery Center interprets the natural history and culture of the San Bernardino National Forest in California with a focus on eagles and wildlife. The exhibit rotates with the seasons incorporating eagles, flowers, pioneers and native people.
