

### **SITE** Hawk Mountain Sanctuary Kempton, PA

### **PROJECT** Wings of Wonder display

**GRANT** \$15,000 plus \$15,000 in local matching funds.

**NOTEWORTHY** The 2,400-acre Hawk Mountain Sanctuary was established in 1934 as the world's first refuge for raptors. It has evolved into an international center for raptor conservation, education and research.

The Wings of Wonder display includes life-sized wooden models of 16 species of birds of prey. The birds hang down over the gallery in the visitor center and appear as they would during migration.

In addition, Pathways To Nature donated birdfeeders and binoculars to Hawk Mountain.
