### PROJECT Ultra light plane and educational materials

Ultra light plane and educational materials

**GRANT** \$24,500 plus \$24,500 in local matching funds.

**NOTEWORTHY** The Operation Migration team acts as surrogate parents, raising the Whooping Crane chicks to imprint on the ultra light aircraft and charting their first migration course.

This grant helps pay for an ultra light aircraft and education materials in conjunction with work Operation Migration is doing with endangered Whooping Cranes. Operation Migration is collaborating with the Whooping Crane Eastern Partnership to restore a second population of wild migratory Whooping Cranes to the eastern part of North America.

**To learn more** about Operation Migration and the Whooping Crane reintroduction project, access [www.operationmigration.org](http://www.operationmigration.org).
